VOLUNTEER SATISFACTION SURVEY

Surveying your volunteers is a practical and common-sense way of gaining feedback from those who have taken part in a volunteer-based partnership activity.

Feedback from surveys like these can be used not only to gauge reaction to certain aspects of the activity undertaken, but also to cater better for volunteers' needs and wants the next time an activity is planned.

The following is a sample survey. It can, of course, be varied to suit more specific volunteering tasks, but it provides a general guide to the sort of questions and comments you should ask of volunteers.

Remember to:

1. encourage the prompt return of the surveys;
2. stress to volunteers their responses to the survey will remain confidential and that they don't have to put a name to the survey if they do not wish; and
3. encourage volunteers to answer as many questions as they want but say they don't have to answer them all.

SAMPLE SURVEY

Following the recent volunteer activity you helped with, we would like you to take a few minutes to fill in as many questions contained in this survey as you can.

Your responses will remain confidential. We will study your responses, as well as those of other volunteers, to see if there are any ways in which we can improve the next volunteer activity we organise as part of our partnership.

Thank you for your time.
